Collector of South Kanara.

To
The Secretary to Government
P.W.D., Fort St. George,
Madras-9.

Through
The Secretary to the Board of Revenue,
Land Revenue, Chepauk, Madras-5
(IN DUPLICATE)

Sir,

LAND ACQUISITION (South Kanara) Mangalore Taluk - Tenka-Ulipady village - S.Nos.37/9, 37/11B and 37/11A2 - for the purpose of Water supply to the Mangalore Municipality Draft declaration - submitted.

The notification under Section 4(1) of the Land Acquisition Act for the acquisition of S.Nos.37/9, 37/11B and 37/11A2 of Tenkaulipadi village of Mangalore Taluk for the purpose of water supply to the Mangalore Municipality was published at page 1355 of Part I of the Fort St. George Gazette dt.16-5-50.

In response to the notices issued under Section 4(1) and 5A of the Land Acquisition Act, one objection petition from Sri Anantha Pai S/o. Sri G.Baba alias Krishna Pai legal heir and son of the deceased registered holder of S.No.37/11A and 37/11B of Tenkaulipadi village has alone been received. He objects to the acquisition of the plot on the grounds that the land S.No. 37/11A2 is required for the installation of a water pumpt to the Gurpur river and for taking water through pipes to all the wet fields lying near the bank for cultivation purposes and that the land S.No.37/11B is on a higher level, that the house of a tenant is existing there and that there is no other suitable land for building a new house for this tenant. His further claims are regarding the rate of compensation to be paid. Though in the first instance he objected to this acquisition later he, on behalf of himself and his brother gave his consent statement agreeing to the acquisition to certain conditions. One of the two conditions is that permission is to be given to take a pipe line along F line 235 between S.No.37/11A2 and 11/B and 37/9 to take water from the pumping installation fitted in the river side at the South west Corner of S.No.37/10. The other condition is that a right of way five feet in width for men and cattle should be left in the western edge of S.No.37/11A2 and 37/11B to have access from S.No.37/11A1 to tagir fields in S.No. 37/10 through S.No.74/2. The Asst. Engineer of this work has no objection to the grant of these two requests. Further legal heirs of the deceased registered holder have given consent to enter upon the land and make use of it in anticipation of acquisition. There is thus no objection to the acquisition.

The joint registered holders of S.No.37/9 have not objected to the acquisition but they have claimed a compensation of Rs. 5000/-.

The enclosed draft declaration (in duplicate) may therefore be approved and ordered to be published in the Fort St.George Gazette. The served copy of the 5A notice, the objection petition received and the sketch of the plots to be acquired are also enclosed.

Yours faithfully

For Collector

Sir,

Sub: Water supply and drainage--Land Acquisition--South Kanara district--Mangalore taluk--Tenka Ulipady village--S.Nos.37/9,37/11 B and 37/11A2 for the Mangalore water supply scheme--draft declaration.

Ref: From the Government Health department Memo No.6403 W2/51-1 dated 20.3.51.

**

Para 8(e) of chapter VI Part III of the Land Acquisition Manual lays down that in cases in which the acquisition is undertaken on behalf of a local board or municipality, a copy of the resolution approving the proposal and full information concerning the manner in which it is proposed to find the necessary funds has to be submitted along with the Draft declaration.

2. In the present case, although the purpose of the acquisition is for the benefit of the Mangalore Municipal area, the acquisition proceedings were set afoot at the instance of the Executive Engineer P.W.D. South Kanara division. The cost of the acquisition including the 15% solatium comes to Rs.4867-9-5.

3. Presumably the Government called for the submission of the resolution of the Municipal council agreeing to bear the cost of the acquisition under the impression that the Land Acquisition proceedings were instituted at the instance of the Mangalore Municipality.

4. The Executive Engineer, Public Health Division, P.W.D. R.S.Puram, P.O.Coimbatore, who was consulted in the matter states that the cost of the land to be acquired is to be met from the estimate for the work sanctioned in G.O.No.903 Health dated 11.3.50 which is half contribution work (half by the Municipality and half by Government) and that the cost of the acquisition will be paid by his Division. The Commissioner, Mangalore Municipality who was requested to state whether the Municipality has agreed to bear half the contribution and if so to send a copy of the resolution agreeing to bear the contribution# has stated that the matter has been placed before the council and that its decision will be communicated soon. Copy of his letter C4/8843/51 dated 14.5.51 is enclosed. A further report will be submitted as soon as the resolution of the Municipal council is received.

Yours faithfully,

For Collector.
